Subject: Conditional Letter of Intent (“LOI”) – Placement Facilitation

Dear *Shivam*

With reference to your admission to the B.Tech – CSE (Artificial Intelligence & Data Engineering) program at Lovely Professional University (“LPU”), Futureense Technologies Private Limited (“Futureense”) is pleased to issue this Conditional Letter of Intent (LOI) for placement facilitation upon successful completion of your graduation.

This LOI confirms that, subject to the Eligibility & Readiness Criteria in Annexure - I, Futureense will facilitate qualifying job opportunities through its employer network. The employer will determine the role, selection, compensation (CTC), work location, work mode, and joining date at its sole discretion. This LOI does not constitute an offer of employment by Futureense or LPU.

This LOI and its Annexures do not constitute an offer of employment. Futureense’s role is limited to placement facilitation. The final selection, designation, compensation, joining, and other terms of employment shall be determined solely by the prospective employer, and Futureense shall not be liable in any manner for the outcome of such processes.

Futureense reserves the right, at its sole discretion, to modify, suspend, or withdraw any training, placement facilitation, internship opportunity, or stipend policy under this LOI, in whole or in part, in case of regulatory changes, market realities, student non-performance, or other circumstances beyond reasonable control.

Futureense shall not be responsible for any loss, damage, expense, or claim arising from (i) non selection by prospective employers, (ii) changes in employer hiring policies, (iii) stipend variations, or (iv) delays in internship/placement schedules. The liability of Futureense, if any, shall be limited strictly to the actual amount of stipend disbursed to the student under this LOI.

Futureense may terminate this LOI and discontinue facilitation if the student is found to (i) breach academic integrity, (ii) misrepresent information, (iii) violate internship/placement rules, (iv)

engage in misconduct, or (v) fail to meet the Eligibility & Readiness Criteria, without any liability on Futureense.

The student shall not make, publish, or circulate any false, defamatory, or disparaging statements against Futureense, LPU, its programs, or its employer partners, whether during or after the tenure of this LOI. Any violation may lead to immediate disqualification from placement facilitation and may attract legal action.

This LOI is independent of and does not modify LPU's academic regulations.

Sincerely,
Best Regards

Vikas Gupta
Chairman & Managing Director, Futureense Technologies Private Limited
